They rework problems, look up answers in their textbooks or other resource materials, and ask the teacher about ideas or concepts that they don't understand. Less successful students rarely take such initiative. After looking at their grades, they typically crumple up their assessments and deposit them in the trash can as they leave the classroom. Teachers who use classroom assessments as part ...

It seems to me that the child who answers correctly should be able to move on without the reteaching. The redundancy might be helpful to some students and boring to others. On the other hand, students can review prior topics or retake lessons whenever necessary—a very helpful feature that is missing from some other online programs. Some lessons have printable worksheets. If the screen shows ...
