Postfeminism may also present a critique of second-wave feminism or third-wave feminism by questioning their binary thinking and essentialism, their vision of sexuality, and their perception of relationships between femininity and feminism. It may also complicate or even deny entirely the notion that absolute gender equality is necessary, desirable or realistically achievable.

In the last three decades, gender has become an indispensable category of analysis in the study of slavery in the Americas, illuminating both the day-to-day lives of enslaved and enslaving peoples and ideas about race and slavery. While studying gender means much more than studying women, the literature on enslaved women is especially influential, in part because of gender analysis's origins ...
